# ERGOMED

A Better Development Cycle Through Global  
Phase I-IV CRO Services

## SPECIALTY SERVICES FROM YOUR PARTNER EVERY STEP OF THE WAY

**Site Management Services** for effective patient recruitment reducing time and cost

**Study Physician Support** for the supervision of sites and the maintaining of key relationships

**Proven Track Record** of project planning, managing, execution and performance for 20 years

A mid-size, global full-service CRO, Ergomed provides complete Phase I-IV clinical development and trial management solutions best suited to a sponsor's unique requirements. Our in-house CRO project teams can assist with all aspects of your trial.

### Our complete service offering includes:

- Project Management / Monitoring
- Regulatory Affairs / Quality Management
- Data Management / Statistics
- Site Management / Study Physician Support
- Medical Monitoring
- Medical Writing
- In-house EDC System OPVERDI

OUR EXPERIENCED TEAMS CAN ALSO GUIDE YOUR **REGISTRY AND REAL WORLD EVIDENCE (RWE) STUDIES TO COMPLETION.**

At the heart of our therapeutic expertise is Orphan Drug Development.

Our dedicated Orphan Team is led by **PSR Orphan Experts (PSR)**, Ergomed's rare disease subsidiary. PSR is one of the few companies exclusively focused in orphan disease drug development and recognised as a leading expert in assisting biotech and pharma companies in the rare disease niche.

### We Also Offer Therapeutic Specialisations in:

-  Oncology / Haematology
-  Neurology / CNS
-  Allergy / Respiratory
